

3.3.5.2.2 Expenditures

Renton Municipal Airport funds all operations and capital improvements from lease, fuel flowage fee and interest income and federal grants. For 2001, the airport expects to spend about \$1.34 million on operations and capital improvements. Slightly over 50 percent, or \$686,000, will be spent on the operation of the airport and 48 percent will be used for capital improvements. Figure 3-12 illustrates the planned expenditures for the various operations and capital expenditures.
